PROFILE SUMMARY

I am so fluid, focused and willing to learn new things. In all, I believe in knowledge integrations.

- **all phases of the software development lifecycle;** expert at translating business requirements into technical solutions; and fanatical about quality, usability, security and scalability.

MY OBJECTIVE

- A challenging job in a dynamic and progressive company where my creative talents and innovative capabilities can be efficiently utilized, through hard work, dependability and motivational aspiration and desire to help build the organization to obtain its goals.

PROFESSIONAL EXPERIENCE

Accomplishments:

- I have Designed dozens of software including desktop and mobile applications and most of them are live on play store. Check their link below
<https://play.google.com/store/apps/details?id=com.ehiedu.babasoftwares.statussaver>
<https://play.google.com/store/apps/details?id=com.blogspot.edubabasoftware.deviceinfo>
<https://play.google.com/store/apps/details?id=com.ehiedubaba.escanner>
- I have a very good knowledge in monetizing mobile applications (using both banner ads and interstitials ads) with the use of google AdSense and also promoting it using google AdWords.
- I have a clear understanding of firebase analytics using it to inspect my applications on play Store (checking the hours spent on my apps, the countries and their clicks).
- I am an online instructor and I have my own YouTube channel where I teach programming and other technology such as blockchain technology.
- Me and my team was rewarded for the best idea in Hackathon Competition Ghana.
- Delivered new or enhanced developments, such as:
 - Access verification system using Android Studio (mobile app).
 - A complete ecommerce application using BOOSTRAP, HTML, CSS, JAVASCRIPT ,PHP.
 - systems for keeping employee attendance using JAVA(attendance management system)
 - A market place web application also known as freelance website. using BOOSTRAP, HTML, CSS, JAVA SCRIPT and PHP.
- Pure understanding of the blockchain technology and how it work.
